

UNMC Human Genetics Laboratory Update

Date: July 22, 2020

Dear Regional Pathology Services and UNMC Human Genetics Laboratory Clients,

We are very excited to announce that effective Monday July 27, 2020; the UNMC Human Genetics Laboratory will be incorporated into Nebraska Medicine's clinical laboratory portfolio. This change will consolidate all cytogenetic, FISH and molecular testing under one CLIA-certified laboratory. In addition, specimens will now be triaged through the campus's outreach arm: Regional Pathology Services.

Your trusted genetic experts and the mission of the UNMC Human Genetics Laboratory – to provide exceptional genetic testing services - remains the same. Dr. Allison Cushman-Vokoun, M.D., Ph.D., Medical Director (402-559-3512 | acushman@unmc.edu), and Dr. Jennifer Sanmann, Ph.D., Director of Cytogenomics (402-559-3145 | jsanmann@unmc.edu), are available to answer questions from providers regarding the transition.

We look forward to working with all of our current and new clients during this transition!

For any questions, please contact the genetic account specialist Kim Wiechman 402-559-7747 | kwiechman@unmc.edu –or– Dana El-Hajjar 402-559-9129 | delhajja@unmc.edu.

We greatly appreciate your business and look forward to a continued partnership!

We encourage clients to contact Regional Pathology Services for all of their genetic testing needs beginning on July 27th.
