Test Code Update: COV19 Antibody

Date: September 16, 2022

Dear Regional Pathology Services Clients,

Effective Tuesday, September 20, 2022 the COV19 antibody test will become a sendout to our reference laboratory. Please deactivate the old code SAR2GB and replace with the new code COV19G. This Semi-quantitative test is used for the detection of IgG antibodies against the spike protein (S1) of SARS-CoV-2 (COVID-19) that develop in response to natural infection with SARS-CoV-2 or from a COVID-19 vaccination. There are no current recommendations for assessing COVID-19 vaccine response.

Test Info: https://ltd.aruplab.com/Tests/Pub/3003648

Interface build info is below:

OrderCode	OrderName	ResultCode	ResultName	ResultUnits	RESULT LOINC	CPT
COV19G	COVID-19, IgG SEMIQUANT	COVR	COVID-19, IgG INDEX		94505-5	86769
COV19G	COVID-19, IgG SEMIQUANT	COVI	COVID-19 IgG INTERP		94563-4	

If you have any questions about this change please call client services at 402-559-6420 or reach out to your account manager at https://www.reglab.org/contact-us/
