
Reminder: Epic Beaker Go Live Saturday June 6th

Dear Regional Pathology Services Clients,

Nebraska Medicine/UNMC will transition to the Epic Beaker Laboratory Information System (LIS) tomorrow, Saturday, June 6, 2026 at 3:00am. During the scheduled transition, you may experience temporary delays in result reporting and variations in result formats for select tests. Critical testing will be prioritized, and workflows will be actively monitored. A summary of previously communicated Epic Beaker changes is available at www.reglab.org under the Information Systems tab.

For urgent issues or patient safety concerns:

RPS Client Services: 402-559-6420 | 800-334-0459 | PathClientServRPS@unmc.edu

RPSLink, our new web-based portal, replaces RPS Pathways.

- Use RPSLink to view results for samples collected on/after 6/6/2026
- Use RPS Pathways to view results for samples collected on/before 6/5/2026

We appreciate your patience and partnership during this transition.
