

Test Updates: Ova & Parasite and West Nile Testing

Date: September 21, 2021

Dear Regional Pathology Services Clients,

The following tests will be sent to our reference laboratory effective Monday October 11, 2021. Please make note of the test code and specimen requirement changes.

Ova & Parasite Exam, Stool

Please note specimen requirements are changing from Protofix to the AlcorFix. This supply has been added to the RPS supply site, Supply # Z_ARUP5. Samples in Protofix will not be rejected.

Interface Build:

Old Order Code	New Order Code	Order Name	Result Code	Result Name	LOINC	CPT
OVPAR	OPFEC	OVA AND PARASITE FECAL	OPFR	OVA AND PARA FECAL INTERP	10704-5	87177, 87209

West Nile Antibody, Serum and CSF

Specimen tube requirements are unchanged, but 2mL of CSF required instead of 1mL.

Interface Build:

Old Order Code	New Order Code	Order Name	Result Code	Result Name	LOINC	CPT
WNABC	WNCSF	WEST NILE ABS CSF	WNCG	WEST NILE AB IGG CSF	39572-3	86789, 86788
WNABC	WNCSF	WEST NILE ABS CSF	WNCM	WEST NILE AB IGM CSF	39573-1	

Old Order Code	New Order Code	OrderName	ResultCode	ResultName	LOINC	CPT
WNAB	WNSER	WEST NILE ABS SERUM	WNSG	WEST NILE IgG, SER	38997-3	86789, 86788
WNAB	WNSER	WEST NILE ABS SERUM	WNSM	WEST NILE IgM, SER	38166-5	

Please deactivate the old order codes: OVPAR, WNABC and WNAB.

WNIGMC - WEST NILE IGM CSF will also be deactivated but can be ordered as SPPRO.

If you have any questions or issues with these changes, please contact client services at 402-559-6420 and ask to speak with one of the client coordinators.
