

## LAB ALERT

**Date: January 28, 2016**

### **Change in Notification of Positive Results for the Respiratory Pathogen Panel by PCR**

Dear Regional Pathology Clients,

We would like to inform our clients that due to the lack of clinical utility the Microbiology Laboratory has changed its notification policy for the Respiratory Pathogen Panel by PCR. **Phone notifications** will only be made for any positive Influenza and *Bordetella pertussis*. Clients will continue to receive all positive results through their interfaces or by fax.

If you have any issues with this change please contact one of our client coordinators, Brian Lenz, [blenz@unmc.edu](mailto:blenz@unmc.edu) 402-559-7897, Dana El-Hajjar, [delhajja@unmc.edu](mailto:delhajja@unmc.edu), 402-559-9129 or Amanda Stocks, [amanda.stocks@unmc.edu](mailto:amanda.stocks@unmc.edu), 402-559-7747.
