

Lab Alert: Sendout Test Changes

Date: August 2nd, 2020

Dear Regional Pathology Services Clients,

Our reference laboratory has made some changes to their test codes as outlined below. The following changes will be made to the Histoplasma tests starting Monday 8/3/20. To aid in the transition the old test code HISTAS (HISTOPLASMA AG EIA, SER) will remain active until 8/30/20 but we ask that clients start using the new codes as soon as possible.

The new test codes will be active as of 8/3/2020. The current test for Urine, CSF, and BAL (HISAGU) is now ONLY for CSF and BAL (*HISAGU, HISTOPLASMA AG, OTHER*)

Interfaced Clients: Please deactivate HISTAS test code and replace with SRHIST. And add test codes URHIST.
