
LAB ALERT

Date: September 19, 2022

New Core Laboratory Space

Dear Regional Pathology Clients,

On Tuesday, Sept. 20, the Core Rapid Laboratory will transition to a new space. The move time is expected to start at 8 a.m. and is estimated to continue for approximately eight to 12 hours. This may cause longer turnaround time for results.

During this migration, new automated chemistry equipment and hematology equipment will be implemented. In order to take full advantage of this technology, we ask that specimen tubes be completely filled.

We appreciate your patience as we upgrade our laboratory and instrumentation!

If you have any questions or issues with these changes please contact client services at 402-559-6420 and ask to speak with one of the client coordinators.
