

**Postponed: Test Updates to comply with CARES ACT Section  
18115**

Date: July 31, 2020

Dear Regional Pathology Services Clients,

We had sent a lab alert dated 7/23/20 regarding the changes to the COVID testing AOE's (Ask at Order Entry) Questions to comply with the CARES Act Section 18115 with an effective date of 8/1/20.

Due to delays these AOE's are not required at this time, and are optional but they will not be returned as results.

We will inform clients when these changes will take effect. We apologize for the inconvenience and appreciate your patience and flexibility with these changes.

If you have any questions regarding changes to your interface builds please contact [rpsinterfacesupport@unmc.edu](mailto:rpsinterfacesupport@unmc.edu)
